Dear Founding Member of FEPTO,
Dear Colleague,

In about two weeks FEPTO is going to have its **25th Annual Meeting** in Sigtuna in Sweden, where we will be working on the topic **“Vision of psychodrama in the current world: the perspective of inclusion and mutuality”**. At this meeting we will also be having the great honour and pleasure to celebrate a successful development of our Federation of European and Mediterranean Psychodrama Training Organizations. We are very proud of what our community has achieved over the years, and how well it assures quality and development of training, practice and research in psychodrama.

Since its beginning FEPTO has been growing considerably in terms of members, quality in training and networking in many different areas of practice and research. All these achievements wouldn't have taken place without your vision and effort to build the foundation for it.

In 1993 you gathered in Stockholm, where you created our professional network as International / European Study and Co-ordination of Psychodrama Education (ISCOPE / ESCOPE), which got its name and constitution later on in 1996 as FEPTO. At present FEPTO consists of 75 psychodrama training organizations, 9 accrediting organizations and many active networks in different areas of psychodrama practice.

On behalf of our FEPTO community we would like to express our deep gratitude to you all for your vision, creativity and effort in building the basis on which FEPTO could grow and flourish as a professional network. Your common vision and determination keep us going to find the answers for the current challenges in a quickly changing society.

We hope that we will be meeting you in Sigtuna and having the privilege to share the precious moments of celebrating the 25th Annual Meeting together. In case this is not possible, please accept our wish to have you with us in spirit and love in order to find our common professional vision and path for the years to come.

With gratitude and love,

Johannes Krall & Milena Mutafchieva
President & Vice-President of FEPTO
