

Council meeting-Dave'2017

2nd - 4th November 2017

For one more year the Council Meeting took place in Dave, Belgium, between the 2nd and 4th of November. Special thanks are due to Chantal and Pierre for their hospitality and warmth. Our hosts took excellent care of everything and made us all feel very welcome. Their hospitality contributed significantly in the creation of an atmosphere of mutuality and collaboration among us, in our first meeting as a Council, after our election in Sigtuna.

In the beginning of the meeting we dedicated some time to familiarize ourselves with our new roles and to each other, through some warm up activities who were efficiently and elegantly directed by Chantal and Reijo. The warm up paved the way for a collaborative and creative meeting! For the next two days we worked on several issues and ideas that were proposed by the Council and other members of our community. We focused in the

preparation of the next Annual Meeting, the creation of the FEPTO online platform and the launching of a psychodrama journal and other topics. In general, it was a fruitful encounter, in a climate of mutual respect and cooperativeness.

Nikos Takis

President of FEPTO
