FEPTO AM and Membership Committee Report

The preparation of the next AM in Tallinn is mainly done through communication with the LOC and the LOC's representative board member Reijo Kauppila . As a chair, I have emphasized from the small group work done in Pravets, that the LOC should be more responsible in the leadership of the AM in cooperation with the board.

As a chair of the membership committee I have read and evaluated one applicant, SPA institute from Belgrade, Serbia, and found their application fulfils FEPTO membership requirements . The institute was a guest at the AM in Pravets.

In cooperation with Secretary Ana Cruz we prepared a written invitation for the NL for proposing small group topics. In cooperation with vice-president Krzysztof Cieplinski we are preparing poster sessions in the conference and AM.
