20:00 Dinner at Sultanahmet

Sunday, 8th of March 2020

9:30-13:00 Guided tour

Goal of this meeting:

The goal of our RC Meetings is to support scientific work and research activities in psychodrama on different levels. As a community of learners in research we want to propose a better integration of scientific work and research in our psychodrama training curricula and to support training of trainers in scientific writing and research. In our RC Meeting we also want to deepen our research cooperation and networks by working on research designs, research tools, processes and results in applied psychodrama research. In our meeting there will be time for presenting and discussing research projects, creating research ideas and sharing research experiences. And finally, we want to think about publishing our studies in order to share it with our psychodrama community and beyond.

Venue of the RC Meeting:

The RC Meeting will be at Istanbul Bilgi University Santral Campus (Haliç-Eyüp) and the place is far from the centre (almost 20 minutes by car). We will arrange a shuttle to get to the university everyday (info from the LOC)
