

ANNUAL MEETING '2019

INVITATION TO SUGGEST A SMALL GROUP TOPIC FOR THE ANNUAL MEETING

May 19th to 23th

As written in the text regarding the presentation of the AM topic, we want to

INVITE YOU to propose a small group topic.

Inspired by the Aristotelian Eudaimonia - that has been defined as 'human flourishing or prosperity' - we invite you to look at our organization in general, and at each of its institutes, and search for new ideas and topics that should be addressed in order to walk towards the common good.

In continuation of last year in Pravets, the small groups already planned are:

Group on constitution revision and changes

Group on Psychodrama research

Group on Psychodrama training

Group on Psychodrama ethics

Group on Psychodrama theory and interconnections with other approaches

In addition to the above, which topics would you like to be addressed in the small group to make:

Your institute more prosperous and

Our organization more flourishing

Please, send your proposal to:

Ana Cruz | secretary@fepto.com and Kerstin Jurdell | kerstin.jurdell@gmail.com

before 20th February 2019

Ana and Kerstin will present the different proposals at the board meeting and the board will choose which small group topics will be covered at the AM.

The choices of the small groups will be presented in the next newsletter so everyone can warm up to their choice. The final choice will be made on the spot, in the large group at the AM.

Welcome with prosperous and flourishing ideas!

[Ana & Kerstin](#)
