

**Invitation to the Network Group for Psychodramatists  
Working with Children and Youth  
1<sup>st</sup> – 3<sup>rd</sup> of February, Cardiff 2019**

**Dear Practitioners of Psychodrama with children and youth,**

**Dear FEPTO Colleagues,**

It is a pleasure to invite you to the 4<sup>th</sup> meeting of the network group “Psychodrama with Children and Youth”.

We would be delighted to welcome you in **Cardiff, Wales** from **1<sup>st</sup> - 3<sup>rd</sup> of February**, 2019.

The topic of the meeting is:

**Developing standards for Psychodrama with children and youth training**

After three very fruitful network meetings, in Torino the network steering group decided that it is time to go to the next level and to address some important professional issues.

In order to be recognized as a specific branch within Psychodrama we need to develop training standards appropriate for psychotherapy with children and adolescents.

We would like to invite colleagues who have already developed standards for Psychodrama for children and youth on a national or organisational level to share their experience. We would also invite professionals who are interested to contribute to this “unpopular” topic.

Also, in order to create an effective working atmosphere and positive group dynamics, we would like participants to share some successful and joyful warm-ups techniques from their practice in working with children and adolescents.

If you want to present training standards, curricula or special warm-ups about psychodrama with younger people, please send a message by 1<sup>st</sup> of January, 2019 to Stefan Flegelskamp.
