FEPTO RC with Isle of Man Mental Health Services: 2018 Research Conference

“All in the Mind?” Global perspectives on understanding, researching, and treating mental health

Help us contribute to current understanding of the mind by exploring the concept of mental health as a construct, examining the different cultural perspectives of mental illness, and considering the international understanding of research and treatment.

Papers and discussions will include, but are not limited to:

- ❖ Current research in mental health and related topics, including children and adolescents (at all life stages, and in different contexts)
- ❖ Disseminating research findings on themes related to the conference title
- ❖ Promoting cross border communication, sharing and networking
- ❖ Generating knowledge exchange between students, academics, and practitioners
- ❖ Encouraging the voices of service users, careers, and practitioners to be heard
- ❖ Experiences of stigma by those with perceived mental health problems
- ❖ The power (?) of diagnosis
