

Dear FEPTO Annual Meeting and Conference participants,

The registration for the Conference and the Annual Meeting are extremely high. We thank you for your interest in these meetings!

In each country drastic measures have just been taken to inhibit the outbreak of the coronavirus. We will see the efficacy of these measures in two to three weeks.

Many of you have already booked your plane ticket for Skopje.

We know that the virus Covid 19 has raised various reactions among populations. FEPTO is not absent from this questioning and discussion. Creative solutions have to be discovered to quickly eradicate this virus.

For the Annual Meeting and the Conference, as the hotel does not ask us for cancellation fees, we propose to review the situation in the first two weeks of April. New registration for the FEPTO events are cancelled. Thank you for your understanding.

With all our sympathy, solidarity and support

On behalf of the FEPTO Council
Chantal, Judith and Nikos
Executive Committee
