

2.9.2015 Psychodrama Section Meeting in Rovinj

At IAGP Rovinj conference, Lone Hotel VIP Lounge 13.00-14.15

Chairs: Maurizio Gasseau and Manuela Maciel

These notes during the meeting were made by Pirkko Hurme to be sent to Maurizio Gasseau. Yaacov Naor has personally checked and accepted, what is written in paragraph

1. Yaacov Naor's statement

Psychodrama section report is already sent to you separately and you can all read it.

1. Yaacov Naor's statement: "I resigned for personal reasons. I resigned because Board atmosphere was not safe for me any more. It has to do with Bonnie's resignation. My (Yaacov) resignation has nothing to do with the Psychodrama Section. There were antisemitic remarks by some Board members outside of the Board meetings, against Jews. It was my limit."

- During the discussion different meanings were presented: some people wanted to speak about the problems, one suggestion was also that controversial things should be left outside discussion, opposite opinions.
- A lot of sharing the feelings around the topic.

2. How to grow the discussion list and the announcement list: new ideas to develop it?

- Psychodrama announcement list had to limit the amount how many times people are allowed to announce on it
- Announcement list is only for the announcement, three times maximum about one event, one month between the announcements about the same event.
- Discussion list is for discussions but it is very silent at the moment and there could be more activities. People could start more discussion on new topics.
- A suggestion to co-operate with FEPTO's Research Committee
- No private conversations, please, on the lists.
- It is not a problem, if activity on the list varies from time to time.

To start International Journal of Psychodrama online: there was short discussion and no objections to the idea. Working group for the Journal of Psychodrama, where 15 persons volunteered.
