

27th FEPTO Annual Meeting
Tallinn, Estonia, 19th – 23rd of May 2019
From Creativity to Functionality.
Prosperous Members in a Flourishing Organization

Dear colleagues,

The topic and the structure of the forthcoming 27th Annual Meeting was the main theme of our recent council meeting in Dave, Belgium. Taking into account the feedback given by our community through the Voices questionnaire in Pravets, Bulgaria we decided to continue working in the same spirit as we did last year. In addition to that, we discussed how we can enhance as an organization, the well being, the “prosperity” according to the definition of Aristotle, of our member/ institutes. We wondered how the training institutes that constitute FEPTO can benefit and improve by the processes of our collectivity, enrich their function and provide an even higher quality of psychodrama training. Therefore, we came up with the following title:

“From Creativity to Functionality: Prosperous Members in a Flourishing Organization”

Last year in Pravets we created small groups based on the different functions of our Federation and we deepened on how we can improve our procedures. This year we plan to continue in the same line of thinking and additionally to have small group work on other topics that will be in the interest of our community members, in relation to the training and other needs of their institutes. Having said that, we invite the ones of you that would like to propose a theme that could be processed in a small group during the Annual Meeting to do so, by sending us an e-mail to our Secretary Ana Cruz, at secretary@fepto.com, and Kerstin Jurdell, the Chair of the Annual Meeting Committee, at annualmeeting@fepto.com, by the 20th of February 2019. The proposals will be uploaded also in the newly launched FEPTO online platform by Fred Dorn, for further consideration.

The list of the small groups will be finalized on the end of February during the Executive Council meeting, so we need to have your proposals submitted beforehand.

The small groups that we have already planned are:

- Group on constitution revision and changes
- Group on Psychodrama research
- Group on Psychodrama training
- Group on Psychodrama ethics
- Group on Psychodrama theory and interconnections with other approaches

We are waiting for your proposals and responses. In the meanwhile, we are at your disposal for questions and clarifications. Do not hesitate to contact us, in case you need any assistance.

Nikos Takis
FEPTO President
