## CONFERENCE & ANNUAL MEETING'2019

### GENERAL INFORMATION

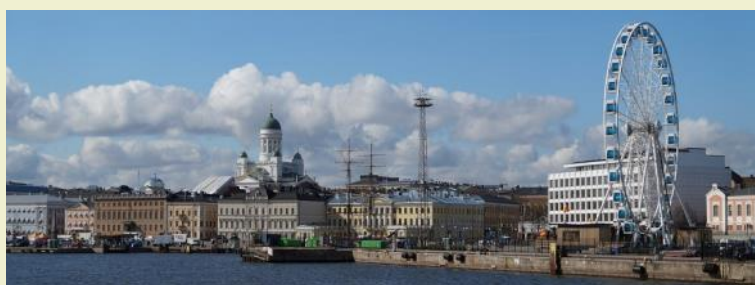

#### Tallinn - Helsinki

#### The Excursion on Wednesday May 22nd

The excursion will be a ferry cruise from Tallinn to Helsinki and back. Ferries are practical and reliable and they connect Finland and Estonia – Helsinki and Tallinn –with about 10 departures every day, from early morning till late evening. The distance between Helsinki and Tallinn is only 80 kms, and the trip takes about 2,5 hours. Almost 9 million passengers take this trip each year.

We will start the cruise at 12 o'clock with a buffet lunch on the ferry, then have presentations of Finland and Estonia – history, language, present time, and future – and a Playback Theatre performance at the Conference Center. We will arrive in Helsinki at 4 pm. There will be free time to visit Helsinki (for example a Finnish sauna with a sea water swimming pool next to the ferry terminal). The trip back to Tallinn starts at 8 pm with a buffet dinner on the ferry. We will arrive in Tallinn at 11 pm. The ferry terminals are in the centers of these two cities.

For the ferry cruise we will need the birth date of all the participants. This will be requested during registration.
