### Development & Network Committee

**Networking in FEPTO - let's continue and develop it!**

**Dear Psychodrama Colleagues,**

The Corona pandemic situation has made us aware once again how important cooperation and interpersonal relationships are for us, both as persons and professionals. Nowadays the cooperation between psychodrama trainers focused on particular topics and fields of interest is more demanding and needs our creativity on how to rise above the limitations in direct communication. In the last few months we discovered in a new way that networking is a kind of bloodstream for the body of our organization, necessary for its good functioning.

As a chair of the Development and Network Committee, I would like to express my gratitude and appreciation to all colleagues involved in FEPTO Networks and working groups. Some of them existing for many years like: Research Committee Network, Task Force for Peace Building and Conflict Transformation Network, Matrix Group, Transcultural Intervision Psychodrama Network, French Speaking Group, some were created a few years ago like University Cooperation FEPTO Network group, Psychodrama with Children and Youth Network or Psychodrama Theory, Methodology and Integration with other Approaches working group, some others were established not long ago, like Climate Change Psychodrama group, Psychodrama Online FEPTO initiative or Psychodrama World FEPTO Task Force.

I would like to **encourage all FEPTO working groups/networks** to “go on the stage” to present your activity in order to refresh the communication and exchange among trainers and institutes. You can use for this our Website ([www.fepto.com](http://www.fepto.com)) in the section of Development and Network Committee.

I kindly invite the coordinators to take care of updating this information on a regular basis. Please send your descriptions to Horatiu Nil Albini (email address: [horatiu.albini@live.com](mailto:horatiu.albini@live.com)) with a copy to me.

The FEPTO Transcultural Intervision Psychodrama Group celebrates it's 10th Anniversary this year (read more [here](#)). Congratulations to everyone involved! In this issue of the newsletter you will find more detailed information about the work of Psychodrama with Children and Youth Network (read more [here](#)), as well as University Cooperation FEPTO Network group (read more [here](#)).

I hope next time other networks and groups will also present their current activities with a description about the field of interest, goals, work in practice, the name and contact details of coordinators/responsible persons. It would be nice to add some photos relating to your group.

As a living body, FEPTO is always open to new projects. Please feel free to let me know about any other initiatives/ideas in the field of networking in our organization. If you have in mind any other inspirations, comments and proposals on how to improve networking in FEPTO, please contact me in any case using the following email address: [k.cieplin@gmail.com](mailto:k.cieplin@gmail.com). I will try to do my best to support you.

Thanking you in advance for your feedback.

Best regards,

**Krzysztof Ciepliński**
