

Directory of FEPTO bylaws

The FEPTO Council has decided to create a list of all the bylaws that have been voted since the beginning of our Federation, as well as an archive of all the decisions that have been voted in the General Assemblies of previous years, concerning the life of the Organization (network, fees, membership, etc.).

Chantal Nève Hanquet and Georgios Haniotis have made a first draft archive which will be worked on by the Council and proposed to the next General Assembly for approval.

This work takes place in the context of the detailed documentation of all the important decisions, documents, minutes and changes about FEPTO's function.

Another archive containing the minutes of the Council meetings has already been created.

For the FEPTO Council
