

LETTER TO MEMBERS

Procedure of the Acceptance of the New Statutes

Dear members and colleagues,

The process of changing the FEPTO Statutes has gone on for several years and is now coming to an end.

During our last meeting in Dave, the discussion pertaining to changing the statutes that took place in Ohrid and during two on-line summer meetings finally came to a close. Comments were brought forth and remarks were analysed leading us to new proposals and the production of an official draft you may now find in the following pages.

Once more, kindly read it carefully and state your remarks and proposals, getting them back to us no later than the 31st of January 2023. We will then come up with the final version that will have to be voted on at the General Assembly at Liège in May.

Please mind: The Statutes we will vote on are written in English. There will be a French version as well, since FEPTO as an organization is subject to Belgian Law. From this official and legally binding French version there will be a notarized English translation. So, please, don't mind possible mistakes in spelling, correct writing or style.

The Council
