

FEPTO Network Groups

TIP - Transcultural Intervision Group

T I P

We are celebrating
10 years anniversary!

The network was created ten years ago, which has 16 permanent members. We meet twice a year. Once in conjunction with the FEPTO Annual meetings for 2 days and once in between for 3 days in different countries.

The purpose of the network group is a professional exchange through the sharing of methodological issues by focusing on different topics.

List of topics:

*Intervision
Sexuality
Psychosomatics
Trauma
Co-counseling
Sociodrama
Online group psychotherapy methods
Dreaming
Leading multi-professional team
Death
Monodrama*

This intervion group is also a safe place allowing working with personal/private issues and also has a supervisory function in case of difficulties we meet in our roles as trainers, leaders, or have conflicts with colleagues in our professional network.

In between the intense learning sessions, the joyful recreation time creates a bond among us.

Cooking together, making excursions to take part in the culture of the cities gives a special flavour of our shared experiences.

Cities we had our meetings:

Turin, Porto, Budapest, Innsbruck, Athens, Tel Aviv, Sibiu, Istanbul, Uppsala, Lisbon, Venice.

We will have an online celebration and a real one in Ohrid at the FEPTO Annual meeting 2021.
