

## REPORTS

### Training Committee

Dear colleagues, The 28th FEPTO Annual Meeting was important for the Training Committee. We participated with a Training team in "Small Groups". I think it's important that the Board Chairs communicate directly with the members, during the Annual Meetings, and open up channels of cooperation. The Small Group Training consisted of eight members from eight Institutes (7 countries). At first, we thought it was important to find common grounds, as, beyond the FEPTO Standards, there are differences regarding national laws, cultural elements, education conditions. Both presentations and dialogue were particularly interesting due to the information and the subsequent exchanges. The topics raised for discussion were: How to select trainees; What is the member content of the training groups; How is the Practice organised and assessed; Psychodrama online; Solidarity place for trainees enduring difficulties in periods of crisis; Final Examination; Needs of regulation for trainers and supervisors; Training in the Morenian technique (Psychodrama/Sociodrama). Following our meetings as a "Small Group" we decided to continue our work as a group for thoughts and proposals, aiming to better construct a psychodrama training program. So, in our second meeting (25/6/22) we followed the same line and worked on:

The usefulness of Specialization; The importance of keeping Morenian theory as a whole; How to train trainers, supervisors, auxiliaries; When do apprentice Psychodramatists start coordinating a team; Postgraduate Thesis: support and supervision. Our team now has twelve members (10 countries) and the next meeting is scheduled for September 2023. It was suggested that online meetings be held throughout the year since working online has become somehow familiar and makes it easier to "meet". The work of our group is to

propose food for thought as well as possible solutions for a better quality assurance of Psychodramatic Training. I wish all FEPTO members a creative and rewarding Academic Year .

Best regards

**CHANIOTIS Yorgos** Training Committee Chair
