Presentation of the Turkish institute Psikodrama Dernekleri Federasyonu

Psikodrama Dernekleri Federasyonu (PDF)
The Federation of Psychodrama Associations

Presented by: Hande Karakılıç Üçer, PDF Secretary General in FEPTO GA, Ohrid, Macedonia, May 18th, 2022

- 2016-2022: PDF was a work in progress.
- There has been a focus on merging of the AÖPI with the Federation especially during the last 3 years.
- PDF was founded to increase the scope of psychodrama in Turkey and to provide a **strong and valid legal framework** for AÖPI.
- The Member Associations of PDF include psychodramatists (psychodrama graduates, trainees, trainers)
- AÖPI was an assembly which gathered only the trainers among these associations; it had no legal representation by itself.
- Within the PDF, the AÖPI will continue its existence as MISEM, a subcommittee within PDF responsible for training.
- A larger psychodrama community will be represented within the PDF.

PDF's vision

To be an education, research and service institution that has developed organizational ties with national and international psychotherapy and psychodrama institutions, has a strong corporate culture and identity, and is equivalent to qualified institutions in our field.

PDF's mission

To assemble associations operating in the field of psychodrama in Turkey under an umbrella organization with broad participation, to ensure their coordinated work at home and abroad, and to contribute to the creation and development of national policies regarding our field of work.

- ### PDF's goals
- To gather and empower psychodrama associations in Turkey under this umbrella organization,
 - To ensure that member associations can work in cooperation and coordination in the fields of application, development, training and research of the psychodrama method,
 - To establish minimum standards and accreditation procedures in psychodrama education,
 - To guard ethical standards in psychodrama education, research, and application.
 - To determine the competence areas of psychodramatists,
 - To carry out studies which will increase the quality of public services and will improve and protect community mental health,
 - To work in coordination with government institutions and other non-governmental organizations in the national and international arena.
